

Children Sunday School

Age Group (Toddlers to Senior Kindergarten)

MISSION: To teach biblical truth to children and encourage them to apply it in their daily living.

Through organized and progressive Bible teaching,

- lead children to know God and accept Jesus Christ as their personal Savior;
- teach them to understand the Word of God and to live a purpose driven life;
- work with parents to cultivate the spiritual growth of their children.

During **Children Sunday School**, children from age 2 to 5 (toddler to Senior Kindergarten) are taught about God and the Bible in a classroom setting according to age-appropriate curriculum from Christian publishers.

Regular components include singspiration, Bible lesson and application, Bible verse memorization and theme-related activities leading to life application. Special programs are organized on occasions/themes such as Christmas and Easter to reinforce children's understanding and stimulate their interest.

Partnership with parents is greatly encouraged and being promoted through avenues such as Parents' Month, Visitation, and Take-home Curriculum Package.

Children Sunday School is offered from 11:00am – 12:15pm in the basement of Zone C.
